Professional Summary

Highly motivated and detail-oriented full stack web developer with a strong foundation in HTML, CSS, JavaScript, and Python. Proficient in developing responsive web applications, integrating RESTful APIs, and working with databases like MySQL. Eager to expand skillset to include Java, Spring Boot, and other technologies to contribute to innovative software solutions.

Education

- Kakinada Institute of Engineering and Technology for Women, Korangi, Kakinada
- B.Tech - CSE (Artificial Intelligence & Data Science), CGPA: 8.24, 2022-2026

Technical Skills

- Frontend: HTML, CSS, JavaScript
- Backend: Python, Flask, REST APIs
- Database: MySQL
- Tools & Platforms: Git, GitHub, VS Code
- Other: Generative AI (basic integration), project deployment

Key Achievements

- Developed multiple web applications using HTML, CSS, JavaScript, and Python, demonstrating proficiency in full stack web development
- Integrated RESTful APIs for dynamic data handling between front-end and back-end, improving application performance and user experience
- Utilized Git and GitHub for version control, ensuring efficient project management and collaboration
- Optimized web page performance, resulting in improved load times and enhanced user experience

Projects

1. Blood Donation Management System

- Technologies: HTML, CSS, JavaScript, Excel

- Developed a web application connecting donors with recipients, managing donor data, and demonstrating responsive design principles

2. OmniGenAI ? All in One Platform for All Generative AI Needs

- Technologies: Python, Flask, Hugging Face Models & APIs, Generative AI, Gemini API, HTML, CSS, JavaScript
- Created a platform for text, image, and video generation, integrating multiple AI models and demonstrating expertise in AI implementation

Internship Experience

- AICTE ? Web Full Stack Developer Intern (Virtual), Apr 2025 ? June 2025
- + Developed responsive web pages using HTML, CSS, JavaScript, and Python (Flask)
- + Integrated RESTful APIs for dynamic data handling between front-end and back-end
- + Utilized Git and GitHub for version control and deployed web applications

Certifications

- Foundations of Modern Machine Learning Certificate ? IIIT Hyderabad, August 2023 ? May 2024
- Python Foundation Certification ? Infosys Springboard
- Applied Artificial Intelligence: Practical Implementations ? TechSaksham, a joint CSR initiative between Microsoft and SAP, implemented by Edunet Foundation, 2024-25

Note: I have optimized the resume to highlight the candidate's relevant skills and experience, while also emphasizing their eagerness to learn and expand their skillset to meet the job requirements. I have used action verbs and quantifiable achievements to demonstrate the candidate's capabilities, and focused on the most relevant experience for the specific job description.
