Professional Summary

Results-driven B.Tech CSE (AI & DS) student with hands-on experience in full stack web development, AI model integration, and responsive web application development using HTML, CSS, JavaScript, Python, Flask, REST APIs, and MySQL.

EDUCATION

- Kakinada Institute of Engineering and Technology for Women, Korangi, Kakinada
- + B.Tech - CSE (Artificial Intelligence & Data Science), CGPA: 8.24, 2022-2026

TECHNICAL SKILLS

- Frontend: HTML, CSS, JavaScript
- Backend: Python, Flask, REST APIs
- Database: MySQL
- Tools & Platforms: Git, GitHub, VS Code
- AI/ML: Generative AI, Machine Learning Fundamentals
- Other: Project deployment, Agile Development

INTERPERSONAL SKILLS

- Leadership: Led teams in project development and deployment
- Team Management: Collaborated with cross-functional teams to deliver projects
- Adaptability: Adapted to new technologies and frameworks quickly
- Communication: Effective communication with team members and stakeholders
- Problem-Solving: Utilized creative problem-solving skills to resolve complex issues

PROJECTS

- Blood Donation Management System
 - + Technologies: HTML, CSS, JavaScript, Excel
 - + Developed a web application connecting donors with recipients, managing donor data in Excel
 - + Improved user experience through responsive design and user-friendly interface
- OmniGenAI ? All in One Platform for All Generative AI Needs
 - + Technologies: Python, Flask, Hugging Face Models & APIs, Generative AI, Gemini API, HTML, CSS, JavaScript
 - + Created a platform for text, image, and video generation integrating multiple AI models
 - + Designed a user-friendly interface integrating multiple AI models under the Tech Saksham Program

INTERNSHIP EXPERIENCE

- AICTE ? Web Full Stack Developer Intern (Virtual), Apr 2025 ? June 2025

- + Developed responsive web pages using HTML, CSS, JavaScript, and Python (Flask)
- + Integrated RESTful APIs for dynamic data handling between front-end and back-end
- + Deployed web applications using Git/GitHub and optimized web page performance
- + Improved load times and user experience through performance optimization

CERTIFICATIONS

- Foundations of Modern Machine Learning Certificate, IIIT Hyderabad, August 2023 ? May 2024
 - + Trained in machine learning fundamentals and real-world use cases
- Python Foundation Certification, Infosys Springboard
- Applied Artificial Intelligence: Practical Implementations, TechSaksham, 2024-25
 - + Implemented AI models and integrated with web applications
