Professional Summary

Results-driven B.Tech CSE (AI & DS) student with hands-on experience in full stack web development, leveraging HTML, CSS, JavaScript, Python, Flask, REST APIs, and MySQL to deliver responsive web applications and integrate AI models, driving innovation in software solutions.

Education

- Kakinada Institute of Engineering and Technology for Women, Korangi, Kakinada

+ B.Tech - CSE (Artificial Intelligence & Data Science), CGPA: 8.24, 2022-2026

Technical Skills

- Frontend: HTML, CSS, JavaScript

- Backend: Python, Flask, REST APIs

- Database: MySQL

- Tools & Platforms: Git, GitHub, VS Code

- AI/ML: Generative AI (basic integration), machine learning fundamentals

- Other: Project deployment, version control

Interpersonal Skills

- Leadership: Team management, adaptability, and problem-solving

- Communication: Public speaking, creativity, and collaboration

Projects

1. Blood Donation Management System

- Technologies: HTML, CSS, JavaScript, Excel

- Developed a blood donation web application, connecting donors with recipients and managing donor data in Excel

- Improved donor engagement and data management through a user-friendly interface

2. OmniGenAI ? All in One Platform for All Generative AI Needs

- Technologies: Python, Flask, Hugging Face Models & APIs, Generative AI, Gemini API, HTML, CSS, JavaScript

- Designed and developed a platform for text, image, and video generation, integrating multiple AI models

- Enhanced user experience through a user-friendly interface, integrating multiple AI models under the Tech Saksham Program

Internship Experience

- AICTE ? Web Full Stack Developer Intern (Virtual), Apr 2025 ? June 2025

- + Developed responsive web pages using HTML, CSS, JavaScript, and Python (Flask)
- + Integrated RESTful APIs for dynamic data handling between front-end and back-end
- + Implemented version control using Git/GitHub and deployed web applications
- + Optimized web page performance, improving load times and user experience by 30%

Certifications

- Foundations of Modern Machine Learning Certificate, IIIT Hyderabad, August 2023 ? May 2024
 - + Trained in machine learning fundamentals and real-world use cases
- Python Foundation Certification, Infosys Springboard
- Applied Artificial Intelligence: Practical Implementations, TechSaksham, 2024-25
 - + Implemented AI models and integrated with web applications under the joint CSR initiative between Microsoft and SAP
